INTERESTING JOB.

New Map of Hawali Has Just Been Completed-Said to be a Very Fine Piece of Work.

Professor Alexander of the United States Coast and Geodetic Survey feels somewhat disappointed that there is at present no indication that any field work will be done in these islands be-fore next winter by the coast survey. There were several field work enter-prises Prof. Alexander hoped would be undertaken this summer, one of them

being the completion of the triangula-tion and surveys of Kauai. However the coast survey depart-ment has found work for Prof. Alexander to do, and important work too. He is at present engaged in compiling and putting into the system in vogue in the department, all the available data of previous surveys and partial

The reduction of the police department will not take place immediately.
It will depend entirely unon the action
of the Legislature in making appropriations. If the reduction now reported by
the House finance committee is made
then the force will have to be cut down
to keep within the amount. On the
other hand if the appropriation is kept
to he same there will be no necessity for
changing the force.
